HUSKY & TOP DOG
(1ST-5TH GRADERS)
JANUARY THEME:

CARTOONING

ACTIVITIES TO LOOK FORWARD TO:

- Thumb Print Comics
- Creation of Comic Book Pages
- “How To” Character Drawing
- DIY Lava Lamps

“Cartooning can appeal to children's intrinsic motivation because they may be more fun for children to share and review. Cartooning may help children retain information because it uses both words and pictures (dual coding theory).”

HUSKY PUP (TK/K)

THEMES:

Rainforest & Creativity

Our group will use different materials to create various pieces for our art gallery that reflect the variety of flora and fauna in the rainforest.

The Husky Pups have begun translating their imagination and creativity into books. Creating books together has been very exciting as the children expand their knowledge of literacy.

As we work on these themes, Pups also discuss our group agreements (listed below) and how we can work respectfully in all play spaces.

“Playing outdoors has benefits for both young children and educators. It’s a refreshing pause in the day’s schedule—time set aside to look and listen, explore and observe, move and let loose. Time spent outside can lead to better physical and mental health, improved sleep, and cognitive, social, and emotional gains for young children.”
