Hours are 8:30am-5pm
FULL - no space available

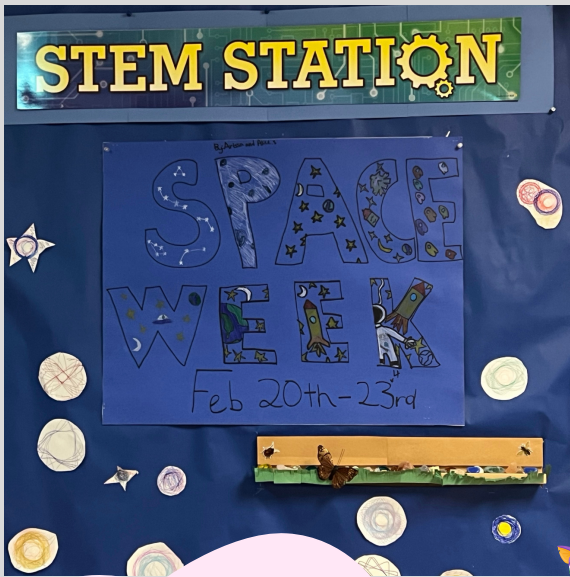

***Spring Break Party Days**
Hours are 8:30am-5pm
Now open Mon. 4/1 & Tues. 4/2
Closed Wed.-Fri.

HUSKY HAPPENINGS & THEMES

Huskies (1st-5th graders) are exploring lands of **Mythical Creatures** as a theme this month.

Together, we are curious and learning about creatures of mythology, folklore, fairytales and fantasy. Our group is collaborating on how to create creatures that have supernatural abilities and unique characteristics, all while using science and experimental skills to create magical outcomes!

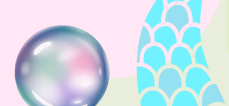

UPCOMING ACTIVITIES:

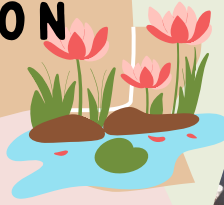

- Magical Crystal Making-chemical reactions
- Mythical Creature Animal Hospital- dramatic play
- Creature Sand Slime
- Mermaid Tails & Unicorn Horns Craft
- Capture the Dragon Egg Group Game

Plans include opportunities to stimulate creativity, boost vocabulary, encourage imagination, introduce children to new ideas and perspectives while thinking about a broad range of possibilities that are a wondrous distance from real world concepts.

HUSKY PUPS IN ACTION & MARCH THEMES

Our TK and K group themes this month are **Community Helpers** for social emotional development and the **Freshwater Habitat**.

Our group discussions will dive into the meaning of *community* for both an individual and a group. The children are working together to understand the difference between a *need* & *want*. We created a list of *needs* and a list of *wants*.

The Pups will attribute these lists to broader concepts of community needs and wants, continuing to focus on our Husky House and school communities.

The Husky Pups continue to express their love of book creating as they're sounding out words to help with spelling and adding stories to their illustrations.

“Pastas Around the World” continues to be a success as we enhance our culinary knowledge & skills on Wednesdays!
